Microcredit is the community lending to the community:
a great way to contributing to Quebec's spirit of solidarity!

Women's Entrepreneurship

Business training and support Digital transformation!

We launched a new on-line platform for our training program. It is a modern, virtual tool, well adapted to the present situation, offering easy access to learning material. We will have 20 graduates in December 2020.

The platform offers the advantage of providing easy access to training materials while providing work life balance and limiting travelling.

Launch of Micro-Strategies

In celebration of its 30th anniversary this year Microcrédit Montréal launched Micro-Strategies, an innovative, free, Micro Class series of experiential education for entrepreneurs and professionals of diverse communities.
