

## ENTREPRENEURSHIP

Since 1990

2025-2026

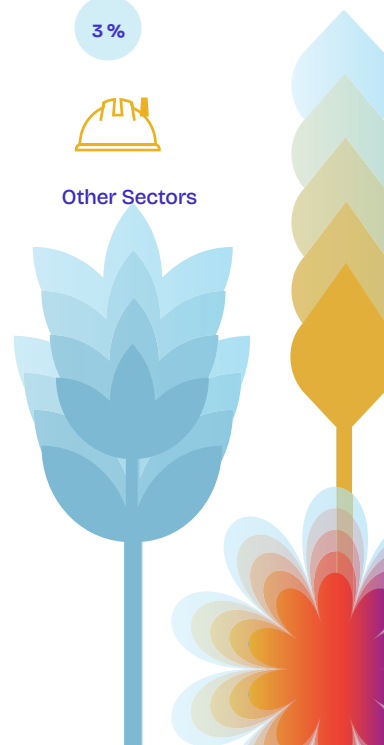

PME MTL Centre-Ville

### Businesses Financed by Sector

### Origin of Financed Entrepreneurs

- 48 % South America, Mexico, Caribbean
- 14 % North America
- 14 % Nonprofits (NPOs)
- 10 % Middle East
- 7 % Europe
- 4 % Africa & Maghreb
- 3 % Asia

## WOMEN'S ENTREPRENEURSHIP

They are moving toward financial independence.  
We are here to support them.

The women entrepreneurs we support are committed to growing their business with determination, each bringing their own journey, challenges, and aspirations. Through their entrepreneurial efforts, they actively contribute to a more inclusive and diverse economy.

**Our training program** provides a structured, accessible, and tailored environment that helps them clarify their vision, strengthen their skills, and move forward with confidence.

## BUSINESS VOLUNTEERS

A human-centred commitment  
at the heart of our support services.

At Microcrédit Montréal, our support services also rely on the valuable commitment of our business volunteers, who generously share their time, expertise, and experience to help entrepreneurs succeed.

- 2 volunteer networking coffee meetups
- 60 engaged volunteers
- 2 express networking and matching events
- 518 hours of support provided by business volunteers
- A training session offered to volunteers on supporting entrepreneurs in an ethnocultural context

We warmly thank The Molson Foundation for its invaluable support of our business volunteer program.

## INTERNATIONALLY TRAINED PROFESSIONALS

Through our financial assistance, internationally trained professionals can pursue credential recognition, relaunch their careers, or explore new professional opportunities, enabling them to fully contribute to Québec's economic and social life.
